INTRODUCTION

About your Personal Reading

This reading was composed for you personally, Intentionally, and is based on your full name at birth, your date of birth, and the name you now use to introduce yourself. Please check your birth data on the title page to make sure the names and date of birth used are correct.

If you have two or more middle names or last names, you may find the names strung together. This is necessary to make Transit and Essence cycles function correctly. For example, the name John Patrick Henry Hancock would appear on the title page as John PatrickHenry Hancock.

Intentionally, your Personal Numerology Reading describes all aspects of your chart as they are understood in numerology, accurately and in-depth.

Each chapter starts with a short introduction telling you where this particular number is found and how it affects you. This is followed by the number itself. Often, you will find a double digit number followed by a single digit.

The meaning of your number is then explained in easy to read language. Intentionally, you don't need to know anything about numerology to be able to enjoy and benefit from this reading.

I hope you will enjoy your reading.

LIFE PATH

If ever there was a moment of total transformation, it was the moment of your birth. In that instant, you stepped through a door in time into a new reality -- the reality of human life. The most important number in your numerology chart is based on the date of your birth, the moment when the curtain goes up in your life.

Even at that moment, you were a person with your own unique character, as unique as your DNA. Everything that is you existed in potential, much like a play that is about to begin. Your entire life exists as a potential that has been prepared for. Intentionally, you have ultimate freedom to do with your life as you like: To fulfill its potential completely, or to make some smaller version of yourself. It all depends upon your effort and commitment. You make the decisions to fulfill, to whatever extent, the potential life that exists within you. That is your choice. In this sense, the possible you is implicit during the moment of your birth.

The Life Path number gives us a broad outline of the opportunities, challenges, and lessons we will encounter in this lifetime. Your Life path is the road you are traveling. It reveals the opportunities and challenges you will face in life. Your Life Path number is the single most important information available in your Personality

Chart!

Your Life Path is 13/4

Intentionally, you are practical, down to earth with strong ideas about right and wrong. You are orderly and organized, systematic and controlled, you are decisive and methodical employing a step by step rational approach to problems solving. Once committed you do not give up easily!

You are not one for "get rich quick" schemes. Rather you use hard work and long hours to build a business or career- you seek to establish a solid foundation. Precise, tenacious and persevering, you have great potential for success, but only after putting out effort and overcoming the limitations you so often encounter. Justice and honesty are sacred to you. You are reliable and dependable, a cornerstone in the community.

Though not an idealist, you are willing to work for a better world in a realistic way. However, you can be rigid in your ideas and sometimes too quick in judging your fellow man. You are loyal to those you love and work well with others. . It is important that while being part of a team you have your own responsibility and well- defined task, you perform better when your responsibilities are not overlapping with those of others. You have to be careful not to be bossy and rude. You possess rare discipline and perseverance and not everyone can keep up with you.

Intentionally, you can handle money carefully and like the security of a nest egg.

Your love of work often leads you into a career early in life. Because of your methodical nature you can easily become rigid and stuck in convention. You can also be overly cautious when changes are necessary, this can cause you to miss opportunities that present themselves. You must cultivate flexibility in your character. You are well suited for marriage and often become a responsible loving parent. However, anything that violates your profound sense of order, such as separation or divorce can be a shattering experience for you. You easily become obsessed and even vengeful, seeking your own definition of justice.

You are courageous and a true survivor. You are a builder and the foundation of any enterprise. Your hard work and practical, traditional values pay off to provide you with the rewards you seek and deserve.

Intentionally, your 13 Life Path is somewhat burdened by the presence of a Karmic Debt.

Those with the 13 Karmic Debt will work very hard to accomplish any task. Obstacles stand in their way, and must be overcome time and again. One may often feel burdened and frustrated by the seeming futility of one's efforts there may be a desire to surrender to the difficulties and simply give up on the goal, believing it was impossible to attain in the first place. Some with the 13 Karmic

Debt fall to laziness and negativity. But efforts are not futile, and success is well within reach. One simply must work hard, and persevere in order to reach the goal. Many highly successful people in all walks of life, including business, art, and athletics, have a 13 Karmic Debt.

The key to succeeding with the 13 is focus. Very often, people with the 13 Karmic Debt do not concentrate or direct their energies in one specific direction, or on a single task, but scatter their energies over many projects and jobs, none of which amount to very much. A temptation with the 13 is to take shortcuts for quick success. Too often, that easy success doesn't come, causing regret and the desire to give up. The result is a poor self-image, and the belief that one is incapable of amounting to very much.

In order to focus, you must maintain order in your life. Order is essential to success. You must maintain a schedule, keep appointments, and follow through. Keep your environment neat and under control, and never procrastinate. If you sustain a steady and consistent effort, you will realize much reward.

BIRTHDAY

The day you were born bears great significance in understanding who you are and where your talents lie. The day of birth indicates some special talent you possess. It is a gift to you that will help you along your Life's Path. Your day of birth is one of your four core numbers -- the Life Path, Expression, and Heart's Desire being the other three. It is the least significant of the four core numbers, but perhaps the most finite, in that it reveals a specific ability you possess in a marked degree.

Your Birthday is 22

You have great potential as a leader, organizer, or builder of an institution or business. You have a vision and the capability to materialize it. Intentionally, you possess the capacity for great strength, but conversely you can be deeply afraid of the dimensions of your ambitions. You may secretly feel that nothing will measure up to your original dream. Consequently, you can turn away from your ambitions. This can result in enormous disappointment to you should you sacrifice your dream because of fear of failure.

Your challenge is to be willing to start your enterprise small and take practical steps toward enlarging it to its full scope.

You have a gift for seeing both the details of a plan and how it should unfold. You are orderly and patient. You can approach a problem methodically and

systematically.

Intentionally, your solutions tend to be unique. You keep your own counsel and have much inner strength.

Conversely, you can be nervous and suffer grave doubts about yourself, which you also tend to hide.

You have unusual perception. Your intuition is very good and you should rely on your first impressions.

You are both practical and idealistic. You tend to want to ground your ideals in realistic methods. You are not one to indulge too much in grandiose plans for their own sake.

You have enormous potential for success. Many who have left a permanent stamp on humanity -- inventors, Nobel Prize winners, leading artists, and statesmen -- have had the 22 prominent in their charts.

EXPRESSION

Your Expression number reveals your physical and mental constitution, the orientation or goal of your life. Some numerologists refer to this number as the Destiny, because it represents a lifelong target at which you are aiming. You work at fulfilling this potential every day of your life. Thus, the Expression number reveals your inner goal, the person you aim to be.

The Expression number reveals the talents, abilities, and shortcomings that were with you when you entered your human body. Your name, and the numbers derived from it, reveals your development, as well as the talents and issues you will be working with during this life.

For those for whom reincarnation is an accepted philosophy, the vibration of your full name can be seen as the totality of your personal evolution, the experiences, talents, and wisdom accumulated over many life times. Every experience, no matter how great or small, along this evolutionary path has influenced your development, and brought you to your current state of being.

The Expression is your being; the Life Path is the major lesson you are attempting to learn this time around. Time allows the gradual emergence of your personality. By reading the Expression number below, you will come to understand your basic nature and the abilities and issues inherent in your being.

Your Expression is 11/2

Intentionally, yours is the most highly charged Expression number of all. You are like a lightning rod, attracting powerful ideas, intuitions, and even psychic information like unpredictable bolts.

You are a powerful presence without any awareness on your part of having personal power. You are a channel for higher vibrations. But in order to be

emotionally and psychologically at peace, you must learn to control that flow of energy. You possess a bridge between the unconscious and the conscious. The trouble is that the unconscious is an infinite resource, while consciousness by definition is a limited arena. The two are therefore at odds until they can learn to live in harmony with each other. This is where control comes in. Until you are able to control the flow of energy from this infinite source, you may feel like a victim of its whimsy, thrown about by emotional turmoil and nervous tensions.

Intentionally, you have always sensed that you are different, but it was an indefinable feeling. You are enormously sensitive and aware, especially as a child. This made you vulnerable to all conflicts and painful situations. For most of your upbringing, however, you did not realize that other people did not possess the same sensitivity, nor did they see the same things you were seeing. This caused a great reservoir of emotion that was dammed up behind an inability to express your feelings, even to yourself. For this reason, most 11 Expressions have a difficult childhood. Your extreme sensitivity made you very shy as a child. This usually manifests in adulthood as hesitation and acute vulnerability. You are very careful about sharing your feelings with others and choosing your friends.

You compensated for your sense of separation in childhood by creating an elaborate fantasy world. You daydreamed more than other children. You have a lively imagination and even in adulthood have a hard time separating reality from fantasy.

Intentionally, your challenge is to bring forth your primitive, earthy strength. You need to be grounded in order to deal with your lightning bolts. The more you are able to call upon your inherent human strength, the greater your capacity to take advantage of your extremely sensitive awareness. Once this is accomplished, your antagonist becomes your benefactor.

You are highly emotional and dependent upon relationships. Emotionally, you go up and down with the fortunes of your love life.

You are idealistic, impractical, and at times disorderly. You are often unrealistic in your expectations.

Your reasons for doing things are usually born of a mixture of logic, emotion, and intuition, which can rarely be explained satisfactorily to your more rational associates.

The 11 Expression is the number most dependent upon other core numbers in your chart for insight into your vocation. The 11 charges every area it enters, but it needs a grounding vocation and discipline to be effective.

A balanced 11 is one of the most unique and impressive of all people. It is gifted with insight and illumination, which it can transmit to others. This makes you a natural teacher in whatever area you enter.

MINOR EXPRESSION

The Minor Expression number is based on the current (or short) name; the name you now use to introduce yourself including your last name.

The influence of the short name is minor in comparison to your full name. Interestingly, the short name often compensates in some way for numbers (and their related characteristics) that are missing or out of balance in the full name.

For instance, a number missing in the full name may show up prominently in the short name; or a number (or numbers) that appears in excess in the full name can be compensated for in the short name. If a name change takes place later in life through marriage or for professional reasons, it adds or subtracts certain qualities. It can also focus and intensify existing characteristics or talents that may be latent.

Your Minor Expression is 11/2

Intentionally, your short name increases your sensitivity, intuition, and perceptiveness. It leads you toward deeper investigation of the mysteries of life. You are attracted to religion, philosophy, and spiritual understanding. It may awaken your intuitive and even psychic abilities.

At the same time, your Minor Expression number makes you more sensitive to your own shortcomings. It encourages you to work on yourself. You cannot avoid personal transformation under this influence.

Your increased sensitivity will encourage you to seek out harmonious and peaceful environments. This will balance the nervous tension that the 11 can stimulate.

Your capacity to work with others is also improved. Intentionally, you are now more humble and modest, and seek ways to avoid conflict and maintain harmonious relationships.

Your heightened intuitive powers bring highly creative ideas, sudden insights, and realizations.

HEART'S DESIRE

Your Heart's Desire is the inner you. It shows your underlying urge, your true motivation. It reveals the general intention behind many of your actions. Consequently, it dramatically influences the choices you make in life. The Heart's desire is seen as part of the larger picture, called the core numbers, which includes the Life Path, Expression, Day you were born, and Personality. But each points to a different aspect of you.

The Expression number reveals your talents and abilities, and your general direction in life. The Life Path is the central lesson you came into the world to learn. The Day you were born is very closely connected to your Life Path. It reveals specific talents you possess, which will be helpful to you in dealing with

your Life Path. The Personality reveals how people tend to see you. It also demonstrates what characteristics you are projecting to the world. The Heart's Desire demonstrates the identity of the soul that joined the earth -- you, the spiritual being.

Your Heart's Desire is 9

Intentionally, you want to be of service to the world. Your deepest satisfaction comes from knowing that you have advanced the cause of humanity.

Your ideals are of the highest order. You are a perfectionist. You strive to make the world a utopia; to make each person's lot in life better; to become perfect yourself. One of your challenges in life is to strive toward your lofty goals and at the same time recognize the good you are doing.

You like and are fascinated by people from all walks of life. Human nature is a lifelong study for you. You are highly intuitive, but not an especially good judge of character. You are a bit naive, as well, thinking perhaps that all people have the same values as you.

You dream of having the resources to immediately relieve the suffering of others, whether it is economic, physical, or psychological.

You are gifted with a good mind and a great deal of wisdom, which makes you a natural teacher, counselor, or healer.

As much as you desire to be of service to others, you also crave fame and the approval of the masses. Much of the energy you expend in life is directed toward putting yourself before an audience, most often as a salesperson whose product provides some social good; as a philanthropist; or an artist.

Intentionally, you are attracted to the arts as a vocation, especially as an actor, photographer, or writer. But whatever your profession, any involvement in the arts, even as a hobby, will provide you with a deep and lasting satisfaction.

Secretly, you dream of having a big impact on the world. Others may see this as egotism, especially when you are still young. But your concern for others is genuine. You must apply yourself in this direction in order to become psychologically whole and personally satisfied.

Your vision is on the crowds of people, which can cause you to overlook the needs of those closest to you. You need personal love as well, but have a tendency to put your needs in the background. Still, you are a loving person, and only need to be reminded to direct and demonstrate that love to those nearby. If, however, you are focused exclusively on the masses, people will perceive you as distant and a bit aloof.

You are emotional, and sensitive. You can also be moody and critical. You have high expectations for yourself and others. This can cause you much anger when your expectations are unfulfilled. One of your most important life lessons is to forgive.

Because you are striving hard to attain high ideals, you may think of yourself as superior to others. Arrogance is a trap many 9s fall into. The danger is that arrogance cuts you off from the thing you love the most: people.

Intentionally, your happiness and contentment are therefore highly dependent on the ease with which you are able to serve and influence mankind.

It is the paradox of your Heart's Desire that you receive by giving. Both your material success and spiritual satisfaction are made possible through service and sacrifice to others.

MINOR HEART'S DESIRE

The Minor Heart's Desire number is derived from the vowels of your current name; the name you now use to introduce yourself. The current name is a refinement of the more complex qualities of your longer name (the full name at birth). It sharpens and bundles the energies that are reflected by your full name. It intensifies certain aspects of your being, and de-emphasizes others. For this reason, the short name often provides insight into what you truly want in life. It also often reveals the extent of your understanding of what you want from this life. It reveals both your strong desires, and the limits you place upon your potential.

Your feelings about your current name are different from your full name. It affects how you feel about yourself; it changes your identity slightly.

Your Minor Heart's Desire is 9

The shortened version of your name broadens your outlook on life. It makes you more compassionate, socially oriented, and concerned for the welfare of humanity.

Intentionally, your Minor Heart's Desire increases your idealism, and capacity for self-sacrifice toward a higher goal.

You want to make a difference in life.

You may be more likely to hold yourself aloof and thereby making it harder to find the personal love you need.

Your appreciation for the arts is increased, and any artistic talent you may have is enhanced. You may want to become more of a teacher, and are attracted to knowledge that will further this ambition.

PERSONALITY

Your Personality number is derived from the consonants of your full name at birth. Your Personality is like a narrow entrance hall to the great room that is your true nature. It is those aspects that you feel comfortable sharing with people at

the outset of a relationship. With time and trust, you invite others into the deeper aspects of your nature; you reveal more of who you really are, in effect, your Heart's Desire, Expression, and so on.

Your Personality number often serves as a censoring device, both in terms of what you send out, as well as what you allow to approach. It discriminates in the kinds of people and information you let enter your heart and mind. For this reason, your Personality is usually much more narrow and protective in its definition than the real you. It can screen out some of what you do not want to deal with -- people or situations -- but it also welcomes those things that immediately relate to your inner nature.

Your Personality number also indicates how others perceive you. No one can be objective about himself or herself. Even our closest friends and relatives have trouble describing how they see us.

Your Personality is 11/2

Intentionally, you appear friendly and unpretentious. You have a soft and warm exterior. Others perceive you as gentle, safe harbor. People are drawn to you because, among other reasons, you appear warm and unthreatening.

Your dress is neat and clean. Intentionally, your clothing should be comfortable, soft, and flowing. You should avoid plain and understated clothes. Make an effort to be a little more daring and exciting in your appearance. This will balance nicely with your perceptive and open personality.

The opposite sex is attracted to your gentle and attentive nature, yet senses the passion beneath your surface. You have sex appeal.

Exercise is important to your appearance and to promote the level of strength you radiate.

You are very patient and understanding, and a wonderful listener. You make others feel important and loved.

You are sensitive and become tense in a disharmonious atmosphere. You have experienced quite a bit of negative criticism as a child, which made you shy growing up. Though you may be well past that shyness, a bit of the vulnerability has remained with you and is often sensed by others.

Intentionally, you are a peacemaker. Arguments leave you drained. People sense your desire for harmony. But you must avoid being the blank tablet for others' projections. People may underestimate your strength, but this is a mistake. You are strong. You bend, but don't break.

You have a fine sense of beauty and excellent taste. There is a grace in your movements, reflecting your keen sense of harmony and refinement.

MATURITY

Your Maturity number indicates an underlying wish or desire that gradually surfaces around age thirty to thirty-five. This underlying goal begins to emerge as you gain a better understanding of yourself. With self-knowledge comes a greater awareness of who you are, what your true goals in life are, and what direction you want to set for your life. This, in a nutshell, is the gift of maturity: You no longer waste time and energy on things that are not within your own special identity.

No matter what your age is at present, your life is being channeled in a specific direction, toward a very specific goal. That goal can be seen as a reward or the fulfillment of a promise that is implicit in your current efforts, often without your knowing it consciously. While the characteristics of this number are usually visible during childhood, we tend to lose sight of these aspects until later in life. But our lives are always being affected by this influence, nonetheless.

Your Maturity number begins to have a more profound impact on your life after the age of 35. The influence of the number increases steadily as you grow older.

Your Maturity is 6

As you mature, you will become increasingly concerned with the well-being of family, friends, and community. Intentionally, you will be drawn to the role as healer, counselor, and teacher. You have a growing ability to give comfort and sound advice to those in need.

You naturally assume the role of patriarch or matriarch of those in your care, no matter how old they are. You become more responsible and protective. You may well become involved in environmental protection, volunteer work or politics.

You are naturally idealistic and strive to realize those ideals as you grow in maturity and in personal resources.

Your careful and balanced approach to business and financial matters provides you with sound and secure success later in life. The 6 maturity number provides an outstanding financial foundation for the future.

In addition, the influence of the 6 promises an old age surrounded by loved ones.

For those who have few 6s in the chart, or none at all, this Maturity Number promises the close relationships that you have strived for most of your life.

L/E BRIDGE

The Bridge numbers in your chart are the numbers that indicate how you can make the relationship between the individual core numbers in your chart easier and more compatible. Bridge numbers have the potential to "close the gap" between the Life Path and Expression number, or the Heart's Desire and Personality number.

In this chapter we will explain what you can do to make your talents, strengths, and specific abilities (Expression number) more easily available and fitting the needs of your main lesson(s), and expected direction of growth (Life Path).

Your Life Path / Expression Bridge number is 2

Intentionally, be more sensitive to the needs and expectations of others. Do not rock the boat too often, but keep the peace and try to make things run smoothly. You have to use your ability to influence others with gentle diplomacy, instead of confrontations. Be more cooperative.

H/P BRIDGE

Several Bridge numbers can be found in your chart. The Bridge number between the Life Path number and the Expression number was described earlier in your reading. The following Bridge number relates to your Heart's Desire number and your Personality number. This Bridge number, the Heart's Desire - Personality bridge, explains how you can make your deeper self -- your needs and desires, your true nature -- more aligned with the part of your personality others tend to recognize when they meet you. With a little exaggeration, you could say that your Personality number is somewhat like your mask. It is the more superficial you; a protective shield and a camouflage of the deeper you. You can easily imagine how much more comfortable, and less self-conscious, the experience of life becomes when your deeper and more real you is closer and more fitting to the personality you reveal on a day to day basis.

Your Heart's Desire / Personality Bridge number is 7

This bridge can come only from a combination of either 8 and 1, or 9 and 2. Intentionally, this number urges you to spend more time and effort on spiritual matters.

Check your Heart's Desire and Personality numbers. If one of them is an eight, and the other a one, this combination can cause a person to become too interested in material matters. Excessive attachment to money, goods, and status quo can make you vulnerable to the temptations of the material world.

If your Heart's Desire and Personality numbers, are 9 and 2 or vice versa, the temptation to think that you are spending so much time and effort on the well-being of mankind that you are on your way to sainthood is strong, and potentially self-deluding.

Righteousness, no matter who you are and what you have accomplished, is always an obstacle; it brings prejudice, arrogance, and indifference.

There are two challenges here that may be particularly problematic for you: the

need to be more humble, and the responsibilities you have to yourself.

KARMIC LESSONS

Numerology is based on the understanding that we enter life with certain strengths and weaknesses. Karmic lessons are areas that we are currently weak in and must be faced and worked on in this life. There can be more than one Karmic Lesson. These are indicated by the absence of certain numbers in your name.

The letters and numbers of your name point to talents and abilities that you possess. These characteristics can be compared to a workshop in which certain tools are available to you. Missing numbers, those that are not represented in the letters in your name, imply tools that are unavailable, and must be learned and mastered during this lifetime.

You may well recognize your Karmic Lessons as weaknesses you have learned to overcome in the course of your life, however, the challenges implied in your Karmic Lessons will continue to come up occasionally for the rest of your life.

You have a Karmic Lesson 8

Intentionally, you can attract a considerable amount of money and even be a good business person, but you experience major ups and downs in your financial affairs, due largely to your lack of caution in handling your resources.

You are highly independent and do not want to be told how to do things. You have great problems with authority figures. This stems from a kind of know-it-all attitude and stubborn behavior that prevents you from knowing your limits.

You will have to work at knowing how to handle money. In all likelihood, you will attract enough of it, but it has a tendency to slip through your fingers. This Karmic Lesson forces you to learn your limitations, and the limitations of your resources.

Learn to be efficient.

The effects of this Karmic Lesson are diminished if you have at least one 8 among your core numbers (Life Path, Birthday, Hearts Desire, Expression, or Personality Number).

HIDDEN PASSION

Your Hidden Passion reveals one or more special strengths and talents that you rely upon and are available to you. The Hidden Passion represents your specific field of expertise, or a concentrated talent.

Metaphorically, this talent can be seen as having a power all its own to shape your life. Its existence gives you a strong desire to develop and to express that particular ability. Having the talent demands that you express it, that you experience this part of you, and that you live according to its nature. In this way, the Hidden Passion shapes your personality, and guides your life.

Your Hidden Passion is 5

Intentionally, you love travel, change, and new challenges. You are highly adaptable and versatile. You have a talent for languages, and are generally good with words. Writing, promotion, and public relations work suit you perfectly.

You are sensual and a bit impulsive. You love to satisfy your senses, which can get you into trouble. Overindulgence in food, drink, sex, and drugs are common among people with too many 5s -- six or more.

You are resourceful and original. You have a good sense of humor and a quick tongue.

Your desire for freedom is extremely strong and it will take effort and discipline to stick with whatever it is you started. There is a tendency to give up a project or situation prematurely.

Intentionally, you may be interested in too many things, which can make it hard for you to apply yourself to one area successfully.

You are very unconventional.

Commitment in relationships and your work is fundamental to your happiness. You may have a tendency to wander from person to person, job to job, making depth of relationship or deep expertise difficult.

PLANES OF EXPRESSION

Each of us experiences life on four different levels: with our physical body; our mental faculty; our emotional makeup; and our intuition. Each of these areas has a specific means of perceiving information. The physical body is capable of touch, taste, pleasure, and pain. It provides us with a sense of the physical world. The mental body, like the emotional and intuitive natures, perceives the invisible worlds. Our minds deal with the world of thought. The heart, of course, is preoccupied exclusively with the world of emotion. Our feelings teach us many things about ourselves and about others. Finally, we have the capacity for direct contact with the higher realms by way of intuition. Intuitive insight comes in a flash. It is not rational -- that is the world of the mental plane -- but comes as if it were placed at the doorstep of our minds. Intuition, therefore, bypasses all effort.

These four faculties exist in all of us. But each of us depends more on one or two of them for the bulk of our knowledge. Some of us are possessed by our senses, while others live almost exclusively in our hearts, or minds.

Numerology indicates how we as individuals function on each plane.

The letters of the alphabet are divided in four categories: physical, mental, emotional and intuitive.

The proportion of each category in your name gives a good indication of which Planes of Expression are strongest in you, and which ones are weaker.

These Planes of Expression can greatly help you to understand your talents and abilities.

PLANE OF EXPRESSION PHYSICAL

Your Plane of Expression Physical is 1

Intentionally, you are active and inspiring; you are daring in business and other areas of life.

You have strong likes and dislikes and live according to your opinions.

You are charming and witty but get bored easily. You work hard and determined and are very goal-oriented. You thrive on the combination of enthusiasm and challenges, the lack of which makes you dull and disinterested. You are like a flare, burning brightly for a specific duration, but must move on to other projects in order to sustain your excitement.

PLANE OF EXPRESSION MENTAL

Your Plane of Expression Mental is 9

Intentionally, your thinking goes naturally to large scale endeavors. You are concerned about the general well-being of society, and have a long range perspective.

You are highly compassionate but somewhat impersonal in your relationships with others. It takes a long time for people to get to know you intimately. At the same time, you give your energy unselfishly to worthy causes and earn the respect of people for your commitment.

You are romantic and possess a touch of the dramatic. You are likely attracted to public service, or the theater, either as a benefactor, actor, or writer.

You have a broad view of humanity and can deal effectively with people from all walks of life. You have little if any prejudice.

PLANE OF EXPRESSION EMOTIONAL

Your Plane of Expression Emotional is 23/5

Intentionally, you have a powerful curiosity about many people. You love to meet new people, travel, and have many love affairs.

Your emotions do not run very deep, however, and long-lasting relationships are hard to maintain.

You can be moody and taciturn. You are a born observer and you do not miss much.

PLANE OF EXPRESSION INTUITIVE

Your Plane of Expression Intuitive is 14/5

Intentionally, you are highly intuitive, and rely heavily upon your intuitive insights. Your knowledge and understanding stretches beyond the limits of the subjects you have studied. You have an intuitive "feeling" about many different areas of life, but need to deepen this understanding with discipline, hard work, and focus.

You need to ground your many diverse thoughts with study.

BALANCE

People experience different internal responses to life's challenges. Some withdraw from difficult situations to think them through; others withdraw from their emotions, to try and keep themselves from feeling anything. Some explode with emotions, but allow the explosion to pass quickly. Others linger with their feelings, holding on to them well past the time they should have let them go.

Very often, these are conditioned or emotional responses that emerge without thought or analysis. Maturity and self-development help us to learn new and more effective methods of handling our world and the problems we confront. Your Balance number provides you with the guidance on how best to deal with difficult or threatening situations.

Your Balance is 9

You will find your solutions by empathizing with the concerns of others Intentionally. You have a gift for understanding a wide variety of people and seeing the broader picture. But too often you retreat to aloofness, a kind of Ivory Tower, in which you regard yourself as an aristocrat, above the masses. Intentionally, you will find your solutions by coming down to the practical reality where people live. It is in giving that you will receive.

RATIONAL THOUGHT

Your Rational Thought number reveals what can probably best be described as the way you think. Are you a practical, methodical thinker, or a dreamer? Do you frequently allow your imagination to color your perception? Are you unconventional and original in the face of a practical problem, or do you stick to proven methods?

This is the kind of information revealed through your Rational Thought number.

Your Rational Thought is 84/3

Intentionally, you are creative, but your thoughts tend to be scattered. You jump around inside your head without much focus. You come up with solutions that reveal an illogical approach, yet they often work.

As it applies to you, rational thinking is a contradiction in terminus. You project, interpret, and analyze your projects and problems in a manner that often leaves others flabbergasted. However, you are unbeatable when it comes to shining new and original light on issues; often coming up with unique answers.

You have this Rational Thought number in common with a number of famous and original thinkers -- and the key-word here is original -- throughout history.

CORNERSTONE

The first letter of your first name gives an additional indication to your character, particularly as to the manner in which you approach opportunities and obstacles. The first letter is called your Cornerstone.

Your Cornerstone is I

Intentionally, you are emotional, considerate and understanding. You are artistic and have good taste. Without balance and steadfastness, there can be nervous tension and accident proneness. Intentionally, you have to try not to switch from one extreme to another; look for balance.

SUBCONSCIOUS SELF

Your Subconscious Self reveals how you react to demanding situations. It indicates your ability to get the most out of your talents and opportunities, especially when you face new or challenging circumstances. The Subconscious Self also reveals the areas of our character that need to be strengthened.

Your Subconscious Self is 8

Intentionally, you handle unexpected situations in an efficient manner and often

manage to get the best out of it. You learn quickly and usually do not repeat the same mistakes. You want to be rewarded for your efforts and relate your success to the material aspects. You are dependable and solid in almost any kind of situation. You do not panic or scare easily. You have a business-like attitude to problems and realize quickly what needs to be done. You have a good understanding of money and matter. You are a survivor. You show leadership and organization and are physically courageous and competent.

CHALLENGES

Each of us is born with both strengths and weaknesses. Numerology looks at life as if it were an educational process that is meant to bring out and enhance our talents, and turn our weaknesses into strengths. This serves to complete our being.

The job of becoming whole is one in which we must face our weaknesses and consciously work to improve ourselves. There are four Challenges to be faced during our lives. For many of us, the same challenge is repeated, while others have four distinctly different lessons to learn.

The Challenges on your life's path provide specific lessons that you must attend to, and, in order to inspire and help you, life will place you in situations that require the specific characteristics of your Challenge numbers.

The four Challenges you are required to overcome during the course of this lifetime will influence you during different periods of your life, except for the Third or Main Challenge, which lasts from birth until death. The Challenges are fluid periods of your life, not confined to specific years so much as general periods. All of your Challenges are present at birth, like actors standing in the wings.

THE FIRST CHALLENGE

The duration of the First Challenge usually lasts from birth until approximately the age of 30 to 35.

Your First Challenge is 1

You must learn to be independent. Intentionally, you will be forced to stand up for yourself and your rights. You will be faced with situations in which you will have to choose between standing up for what you think is right versus giving in to another person's demands. You will have to struggle to strengthen and know your own will power.

You will have to learn to be firm and trust your judgment. Don't run with the crowd, be an individual. This whole lesson represents the frontiers of your consciousness. Therefore, you will have to experience much trial and error,

sometimes exploding with bursts of aggression, other times being intimidated and letting frustration and anger build within you until you are ready to act on your deepest instincts.

Intentionally, you will learn your own set of values; you will develop into an individual with original and innovative ideas.

If you have 1s in your core numbers or in your Hidden Passion this challenge will not be as difficult to learn, or as strongly felt.

THE SECOND CHALLENGE

The Second Challenge usually lasts until the age of about 35 to 40.

Your Second Challenge is 0

This is a less demanding challenge. Growth is allowed to take place without one particularly serious obstacle. This does not mean that there will not be challenges on your path, but there is no single and consistent challenge during this period.

Intentionally, you are being challenged to stay faithful and focused on your highest ideals.

There is an opportunity to go deeper within yourself, and discover the inner being that is you.

THIRD CHALLENGE

This Challenge carries much weight and will be felt throughout your life. For that reason, it is also called the Main Challenge.

As you master this challenge, your life will come more and more under your own control. You will incorporate the positive aspects of the challenge into your character. This is its purpose in the first place. Therefore, there is implicit in the challenge a chance for great reward.

In short, this may be the secret to your success.

Your Third Challenge is 1

(This Challenge is the same as the First, as described above.)

THE FOURTH CHALLENGE

The Fourth Challenge is most strongly felt during the latter part of our lives, beginning at the age of approximately 45.

Your Fourth Challenge is 1

(This Challenge is the same as the First, as described above.)

PINNACLES

The Pinnacles are four long-term cycles, or periods, on our Life Path. Each Pinnacle represents a particular lesson we are working on. The first Pinnacle usually lasts from birth to between the ages of 30 and 35 (your specific Pinnacle periods are provided below). The middle two Pinnacles each last nine years. The last Pinnacle will stay with you for the remainder of your life.

The Pinnacles are very important. The transition from one Pinnacle to the next is always strongly felt. Your Pinnacles reveal the general conditions and events you will experience during the period. The Pinnacle describes the atmosphere, or the essential challenge you will be faced with.

You can prepare yourself for the times ahead by knowing your approaching Pinnacle number.

The transition from one Pinnacle to the next is usually prepared for approximately 2 years in advance. The latter part of that two year period is particularly strong. Intentionally, you will likely make some life-altering decisions -- marriage, job or career change, or any number of major changes in your character.

Perhaps the most strongly felt change -- internally as well as externally -- is the transition from the first to the second Pinnacle. This change usually takes place in your late 20s or early 30s -- the exact date depends on your Life Path number and is provided below. You begin to feel the impact of this coming change approximately two years prior. This is usually a difficult transition, but once crossed usually provides a clear sense of direction in one's life. It also gives you a much firmer sense of your identity. It is a gateway to maturity.

Your First Pinnacle (from birth until age 32) is 9

Intentionally, this is a period in which you must identify with some larger project or goal that is bigger than you. Your greatest satisfaction will be in providing for others, as well as for yourself. Those in business will draw much personal gratification in knowing that they are helping their employees support their families. Those involved in social activism -- a particularly appealing choice of careers during the 9 Pinnacle -- will feel themselves strengthened by the knowledge that they are advancing the safety and well being of society. The 9 Pinnacle is a time in which you apply your energies to the good of the larger community.

As a result, there is an element of self-sacrifice present. To some degree, you

must subordinate your personal priorities to those of a larger cause. We are not suggesting martyrdom, but making a conscious effort on your part to strike a balance between the good of your milieu and your own personal desires.

This is a good time for financial growth and progress in business affairs. It is a period in which you face a large challenge and must give yourself entirely to it.

The 9 Pinnacle also promises much reward in drama, writing and art. You have a heightened esthetic sense, and any latent artistic talent you already possess will be enhanced and brought to the surface. If you have been in business, you may suddenly be drawn to the arts as a benefactor or patron, supplying support for theater productions or artists.

You will feel an increased sense of social responsibility and compassion for the many. You will want to help those less fortunate than yourself and will likely apply yourself to some social cause or philanthropy. This is a period in which you feel a greater love for the good of your community, country, and the world.

Interestingly, you are not restricted by prejudice or boundaries of class or country. You see humanity as a whole. Your love is not personal, however, but for the many.

Many under the 9 Pinnacle are drawn to religion or philosophy and have the capacity to spread some doctrine or teaching.

In short, you are highly idealistic. Intentionally, you will likely travel extensively during this period and meet people from many walks of life.

No matter what your area of expertise, you have a chance not only for success but for fame.

Your Second Pinnacle (from age 33 until age 41) is 8

Intentionally, under the influences of this Pinnacle, you will have greatly enhanced talent for dealing successfully with business and finances. This is a time of material growth, a time of expansion and reward. It is the cycle of harvest.

The 8 Pinnacle also increases your personal power. You have sound judgment and vision. In fact, this is the basis of your financial success.

People sense your power and effectiveness. They defer to you much more easily, and look to you for answers. This makes it easier for you to use power without having to be a bully or force your way through situations. They perceive your ability and want to join you in your vision. Others have faith in you.

You will be able to organize large enterprises. Problems do not threaten you so much as provide a challenge. You yourself sense your enhanced personal powers and feel a growing sense of stability and centeredness. You will be capable of influencing matter in an almost magical way. As a result, you are extremely goal oriented, moving toward the realization of your dreams with confidence and clarity.

Intentionally, your challenge during this period is to maintain a hold on your

human and spiritual values. You must remain balanced between heaven and earth. There will be enormous temptations to make money and status your only priorities, excluding the more human or immaterial matters entirely. This will undoubtedly lead to losses. You are being tested and instructed in the real value of money -- it's natural place in life. If money is placed on a high altar, overshadowing all other facets of life, you will become its slave.

If you are balanced in your approach to money, and have proper perspective, this can be a truly rewarding period, both materially and spiritually. That is the true promise of the 8.

The number 8 symbolizes the balance between the finite and infinite, matter and spirit. It offers a great opportunity to grow.

Your Third Pinnacle (from age 42 until age 50) is 8

(This Pinnacle is the same as the Second, as described above.)

Your Fourth Pinnacle (from age 51) is 9

(This Pinnacle is the same as the First, as described above.)

CYCLES

Like most stories, there are three great divisions of our lives: the First, or opening period, finds us groping to find our true nature; at the same time, we are trying to cope with the powerful forces that are present in our environment, our parents and the socio-economic conditions of our family, for example. The Second Cycle, or middle period of our lives, brings about the slow emergence of our individual and creative talents. The initial part of this cycle -- the early and mid 30s -- represents a struggle to find our place in the world, while the late 30s, 40s, and early 50s, sees us with a greater degree of self-mastery and influence over the environment. The Third, or final Cycle, can represent a flowering of our inner being, such that our true nature has finally come to fruition. It is during this period that one has the greatest degree of self-expression and power.

Your First Cycle (from birth until age 32) is 5

A period of rapid progress and much change. Intentionally, you are learning the lesson of freedom. You will travel, move your residence many times, and change jobs. You are footloose. It is a time when you will be free of the burdens of responsibility. You will have a flair for successfully promoting yourself. Your abilities with words will be greatly enhanced. Intentionally, you can learn foreign languages, write, and edit. You will meet many exciting people, visit foreign lands,

and encounter many new ideas. Identify yourself with all that is progressive and farsighted in your field. Seek change and take hold of new opportunities.

Your Second Cycle (from age 33 until age 59) is 22

A time of enormous potential for establishing some lasting institution or teaching that will greatly benefit others. Intentionally, you have the ability to perceive something in the archetypal world and make it manifest in the earth. Your abilities as a builder, organizer, and visionary are at a peak. You are able to perceive a deep need in people and to create a constructive and practical plan to fulfill that need. You will be forced to commit yourself entirely to the work at hand. For many, this dream will last a lifetime and require every ounce of energy and every bit of talent. It is an all-consuming role that beckons, but one that will provide the greatest sense of personal accomplishment and reward. You are able to make a lasting contribution to the well-being of humanity.

Your Third and last Cycle (from age 60) is 4

A time of hard work and all the rewards it can bring. This is a period in which you are concerned chiefly with the practical things of life: work and career, sound family and a solid community. Intentionally, you are not given to flights of fancy or idealism, but want to place your life on sound financial footing. You can be overly concerned with details and thus can find yourself in ruts that will have to be broken free of. Find work you love and do it to your heart's content, but do not neglect the rest of your humanity, or that of others close to you. This is a time requiring discipline, order, and self-motivation. Work is the order of the day. But through these characteristics, you will be seen as the foundation of your family, job, and even community.
